

# National Community Bank Month

April is National Community Banking Month and Community Savings Bank will, once again, be celebrating our customers and our community during the entire month. Check out our events below, and be sure to stop in and visit us. Also, be sure to Like and watch our Facebook page to see what else we have been up to.

Week of April 16th: We believe in supporting the community and keeping it green. In celebration of Earth Day we will be giving out garden flowers every day. Stop in to pick up yours any day this week at both branch locations.

Saturday, April 28th: We will be hosting our annual Community Shred Day on Saturday the 28th from 9:00am to Noon. We will have a shred truck at both our locations ready to help you safely and securely shred your personal documents.
